George Thompson in Springfield .-Springfield, Fib. 17th.-The hall in which Mr. Thompson was to lecture this evening, was closed against him by the owners, through fear of damage.-The Selecturen gave them notice that they would not be responsible for any injury to it, if the meeting was held. No other place could be obtained, and consequently be done not spent. We presome an attempt will be made to have him speak another day. This evening some hundreds of men and boys creed the street, between Hampden Hall and the Hampden House, where Thompson is etopping, making some little noise; but no overluct has taken place. Probably all will pass off quietly tonight.-Many have come from other towns to the Irish constation have been excited against him, which, with the other elcments that have been, and are at work render it highly probable that he will not be allowed to speak here, unless it may be in the day time.

91P. M - The streets have been very noisy for the last hour. Fire crackers, music, tar barrells, bells, etc., have made quite lively times. George Thompson is to speak at nine o'clock tomorrow morning, in Washington Hall, with Wendell Philips and Edmund Quincy.

10 o'clock, P. M .- Washington Hall has been refused to Thempson, for tomorrow, and it is now doubtful if a suitable place can be obtained for him to speak. The rrowd are thinned, but the real rioters, a strong and rowdy band, are still making night hideous with drams, files and bonfires. A large bonare has been started in Court square .-Had the meeting grow to treatable there would have been a terrior riot.

Mr. Fenner Brown made some objection to the resolution while it was onder discussion, on the greand that it did not provide against the payment of these delegates for their services out of the Treasury of the State. Hen. HENRY A. WISE KILLED. - The Smicreet Herold of Tursday, contains the following rumor as being current in that latitude. We give it to our readers for what it is worth. The death of this gentleman, in a duel with Mr. Finley, of Accomzo Co., Va., was corrently reported at Carroll's Corner, in this county, on Saturday last. The intelligence was received by a small craft which anchored in Annamersex River on Friday afternoon. Rifles are alleged to have been used by the parties. from which circumstance we are of the opinion that Mr. Finley was the clinifenged party. Among those we consider worthy of rather is the German Hitters, invented by Dr. Hoodrady and prepared by Dr. Jackson, in Philadelphia.
